Build a Christmas Tree

Color before cutting.

Build a Christmas Tree

Ready-colored pieces: cut only the outside outlines.

Your assembly guide

Arrange the pieces before adding glue. The picture is an illustration.

PUT IT TOGETHER

1. Choose a sheet and cut five pieces.
2. Place the trunk at the back.
3. Add the bottom, middle and top tiers.
4. Put the star at the top.
5. Adjust overlaps, then glue flat.

5 cut pieces. Keep printed faces and decoration attached.

Mount on a separate background. Outer outlines are cuts; internal details are not.

Decorative stars around the example are not additional template parts.

Digitally checked; physical test print and final adult craft review are still recommended.
