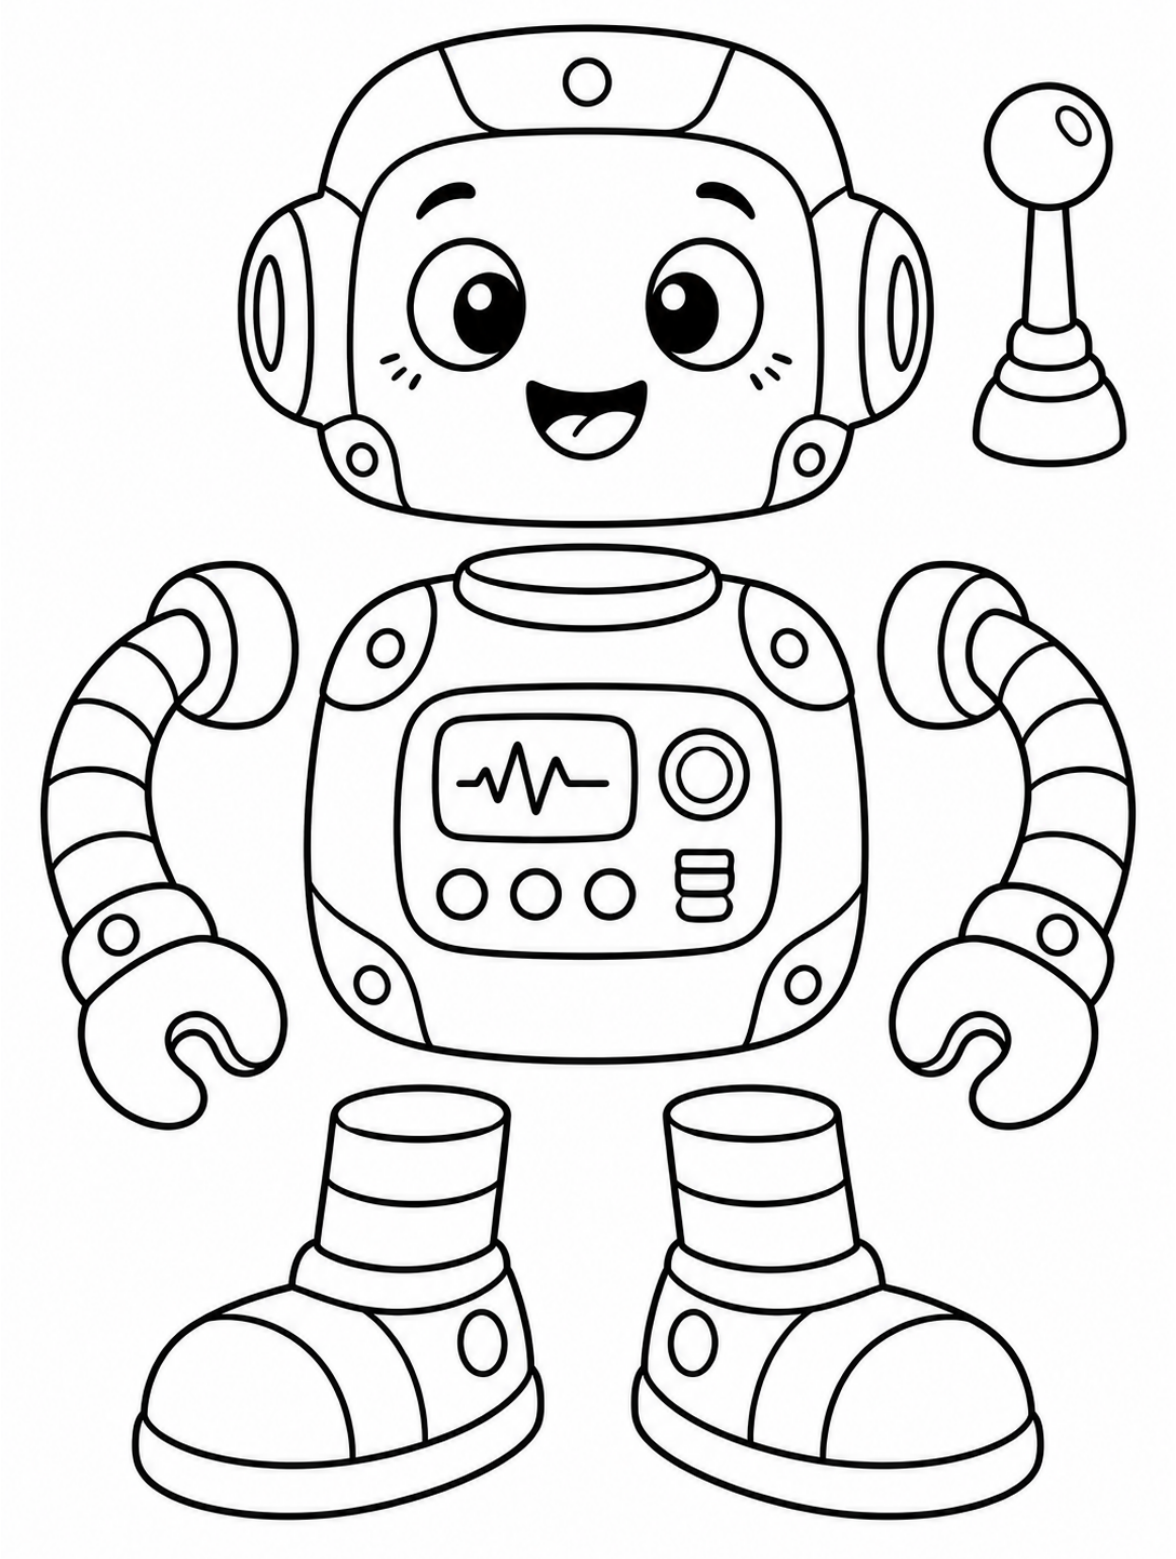
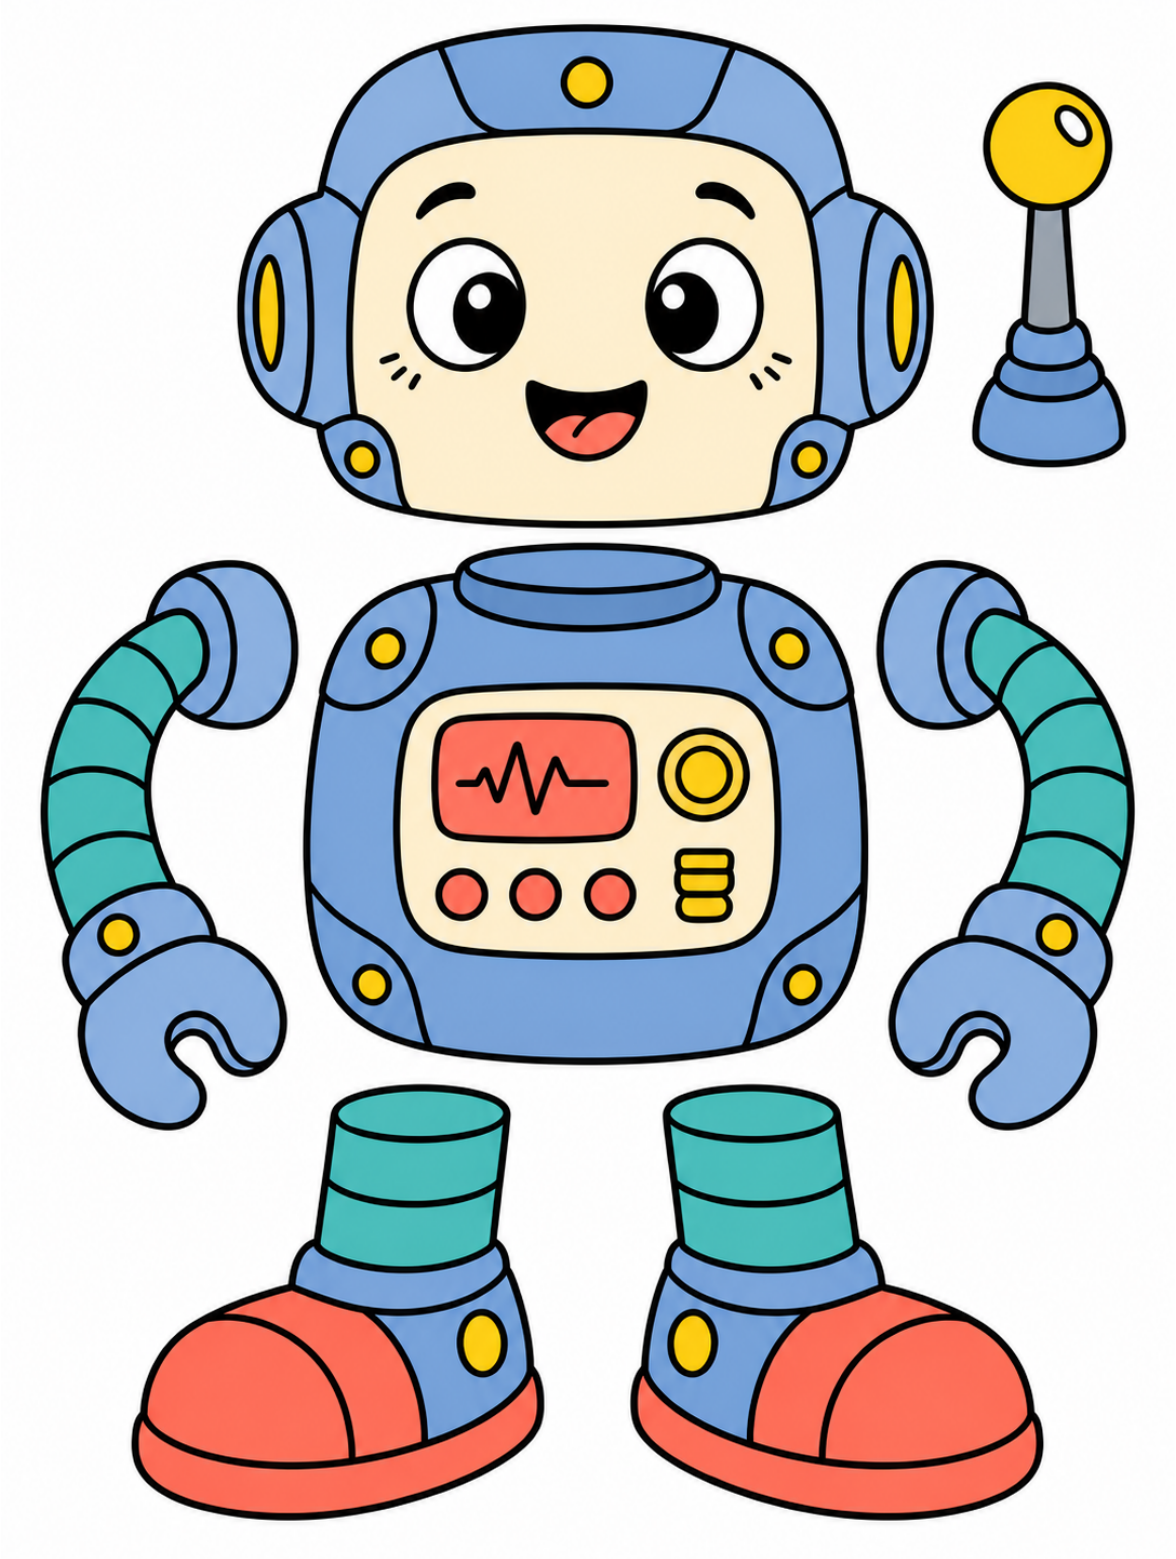
Build a Robot

Color before cutting.



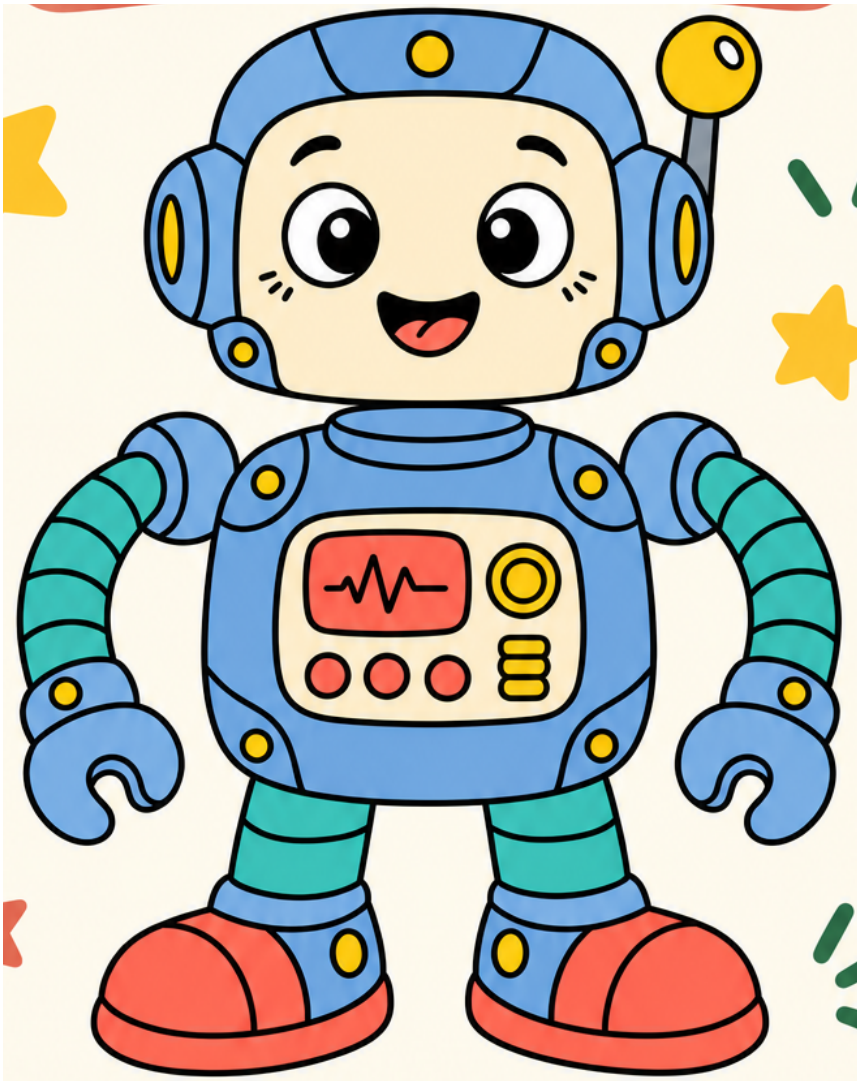
Build a Robot

Ready-colored pieces: cut only the outside outlines.



Your assembly guide

Arrange the pieces before adding glue. The picture is an illustration.



PUT IT TOGETHER

1. Choose a sheet and cut seven pieces.
2. Tuck arms and legs behind the body.
3. Place the antenna behind the head.
4. Overlap the head onto the body.
5. Arrange and glue; invent a robot job.

7 cut pieces. Keep printed faces and decoration attached.

Mount on a separate background. Outer outlines are cuts; internal details are not.

Decorative stars around the example are not additional template parts.

Digitally checked; physical test print and final adult craft review are still recommended.
